Corda Polietileno

Polyethylene Rope (PE)

CORDA POLIETILENO TORCIDA

Ø 3mm a 6mm

Three-strand twisted polyethylene (PE) rope with zero water absorption. Floats and maintains strength in both wet and dry conditions. Ideal for commercial, agricultural, fishing, and general-purpose applications.

Características	Composição	Construção
Comercial, Agrícola, Pescas	100% Polyethylene Expresso em %	Construção em PE
Densidade: 0.91 [g/cm³]		3 or 4-strand twisted polyethylene (PE) rope
Resistência à abrasão: Muito bom Resistência ao Choque: Razoavel Resistência a Fadiga: Excelente		

Ø Diâmetro	Peso (g/m)	Carga de Rutura (kgf)
4,0	8,0	200
5,0	12,5	285
6,0	18,0	400
8,0	32,1	700
10,0	50,1	1090
12,0	72,1	1540
14,0	98,2	2100
16,0	128	2800
18,0	162	3870
20,0	200	4270
22,0	242	5080
25,0	300	5590
